

My name is Roy Jensen and I am running for the Board at Causeway on Gull. I have been married to my wife, Jeanine for many years and we have three children and many grandchildren. We are active members of Hope Fellowship in Andover Mn. In the past, I have worked with HVAC, temperature control, automation, and mechanical maintenance. I have worked both in the field, in sales, and Management, but I am now retired. I am also on two other Boards of Directors. I am presently on the Ad Hoc Committee at Causeway and would to get back on the board again as I have many years of board experience.
